July 21st, 2023

Ladies and gentlemen,

It is with great pleasure that I wish to submit my application to you as a student in your organization.

I am currently looking to explore different fields of expertise with a link in my field of study. I am a student who learns very quickly and who can bring you a lot in your organization.

My mother tongue is French, but as I studied English for several years, my linguistic profile is completely bilingual. I am eager to learn, and I am sure you can contribute to my development.

Looking forward to working with you in the near future, I would ask that, ladies and gentlemen, accept this show of my sincerest feelings.

Antoine Ouellet
